

Tots Tennis

Great for 3 & 4 year olds. The ideal introduction to the skills required to play tennis. Participants will develop basic movement and co-ordination skills in a fun environment. We encourage parents to join in on the court to help further develop skills at home.

Children will need sports shoes, and a drink, but racquets and balls will be provided. Parents must accompany the children.

The Tots course is a clearly linked series of lessons to get the children playing fun games on a small court. This can be an ideal way of developing the skills they will need for their tennis in the future.

We offer a taster session for Tots. Please contact us if you are interested. Tots tennis sessions are booked in courses aligned to the school year. We hold tots sessions at the Heath Citizens Association and Fitzalan High School.
