

## Sunday Match play sessions for social junior players

**All session at House of Sport Cardiff, CF11 8AW**

A majority of our customers are social/recreational players and we have been looking at a way to bridge the gap between playing matches during the coaching sessions and external competitions against other clubs. We have come up with a variety of options for our players to compete and hope that the players and parents will find it useful. We are also looking for feedback on how you have found these events so please feel free to let us know.

The Saturday match play happens each Saturday indoors at the House of Sport. 1-3pm and cost £5. Please book in for this online via the <http://diamondtennisacademy.co.uk/booking/> and then Saturday match play. All these matches will be played on the same mini courts the players train on.

Touch tennis matches will be played on a touch tennis sized court with indoor touch tennis balls and played under touch tennis rules.

Orange competition will be played on an orange court, with orange low compression balls. This is  $\frac{3}{4}$  of a full sized court

Green competition will be played on a full sized court with green lower compression balls.

Entry for the competitions is online via the [www.diamondtennisacademy.co.uk/tournaments](http://www.diamondtennisacademy.co.uk/tournaments)

Entries close 7 days before the event and for us to be able to co-ordinate the matches. No late entries will be accepted.

If you have any questions about which competition is most suitable then please get in touch.
